### REVIEW OF MARKETS

#### FINANCIAL AND COMMERCIAL

Stocks, Money, Exchange, Bonds, Grain, Cotton, Provisions, Rtc.

New York, Nov. 18.—The notable thing in to-day's stock market was the small range of prices considering the extent of the activity and the wide distribution of the dealings. There was a continuous demand during the whole of the two hours session. The demand was fed with a constant surply which looked like realizing and which held the market back from any advance, but which was discontinued on any signs of reaction. The absorption of Baltimore and Ohlo preferred continued on a large scale and lifted the stock a point. Sugar was also notably strong, as were the local traction shares and some of the metal stocks. Glucose rose 4%. Minnesota and St. Louis gained 2%. The large advance in Sugar invited active realizating and Baltimore and Ohlo was affected by the same cause.

#### The Cotton Markets. .

NEW YORK COTTON MARKET.

New York, Nov. 18.—The cotton market opened steady with prices 3 to 7 points higher on very active general buying, in which shorts and local built buying, in which shorts and local buil factions figured conspicuously. New Orleans and other spot cotton centers sent ilberal orders, and the foreign contingent, led by Liverpool representatives, bought Winter and Spring options. Wall street purchased on the call, but later edd for profits. The

quickening of bullish sympathles was brought about by strong English cables, light receipts at nearly all points, rumored tremendous export demand for spot cotton South and a bullish review by the "Chronicle." All the forenoon trading was active, and while there was some trimming of accounts in anticipation of the Sunday interval, the ruling of sentiment favored further accumulation of cotton on the theory that the early week would see marked advances.
